Exterior Circuit Verification Form

Date: _____

This form is meant to provide verification for the following project:

Project Number: _____

Premise Name: _____

Premise Address: _____

City: _____ State: _____ Zip: _____

By signing below, I attest that I have verified that all pole lighting circuits are metered and that these circuits have been identified at the panel level before performing the work. I understand that I assume all liability for damages and/or labor and material costs arising from not verifying and/or disconnecting these circuits during installation.

Name: _____

Company: _____

Signature: _____ Date: _____

Please submit this form for review to Business@BGESmartEnergy.com.
